# Brazilian Breakfast

Maths  
7+

This morning, **Alex wanted to surprise his friends Archie and Violet with a tasty Brazilian breakfast!** He went shopping and picked out:

- 6 little cheese breads called pão de queijo, R\$2 each
- 1 juicy watermelon for R\$4
- 3 sweet mangoes for R\$1 each
- A glass of papaya juice for each of them, R\$2.5 per glass

Can you figure out **how much Alex spent in total** to make this delicious breakfast for his friends?

Brazil is the largest coffee producer in the world.

**Did you know?**

Brazil's national dish is feijoada: a black bean stew made with pork.

Answer: \$R26.5

Archie, Violet and Alex are in Brazil. They've decided to send a postcard to Ruby and Max, two of the Intrepid Explorers who stayed back in Australia

Hey guys,

We just wanted to say hi from Brazil!

We made it to Rio just in time for Carnival on the 27th of February and left on the March 3rd.

We all dressed up and had a blast! The next morning, we flew to the Amazon for seven days.

Speak soon! xoxo

Archie, Violet, and Alex

How many days did the three friends spend in Rio?  
(Careful—2026 isn't a leap year!)

When did they leave Rio?

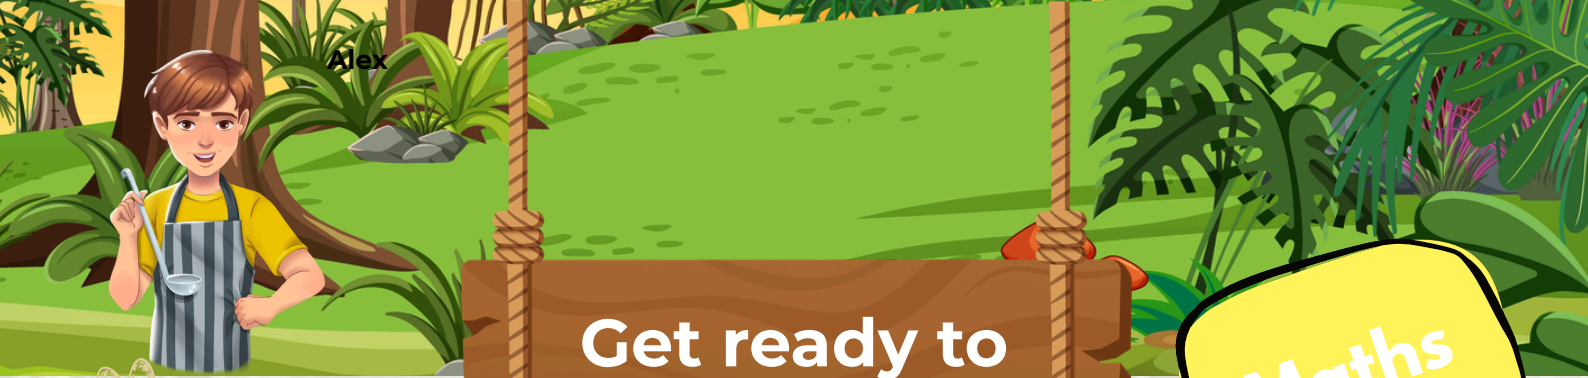

When will they leave the Amazon?

King Momo is a mythical creature who kicks off Rio's Carnival.

**Did you know?**  
The Amazon's canopy is so thick that when it rains, it takes around ten minutes for the water to reach the ground!

Answer: 5 days  
The 4th of March  
The 11th of March

**Get ready to cook!**

**Maths 10+**

Archie and his mum have decided to make a typical Brazilian meal with the national dish, feijoada, and for dessert, a nega maluca cake and a fruit salad. They start preparing the meal at 11:00 am, and preparing the feijoada takes 20 minutes. Once it is ready, the feijoada needs to simmer for 120 minutes. The cake takes 45 minutes to prepare and bake, and the fruit salad takes 20 minutes to make. While the feijoada is simmering, they make the fruit salad first. Once they're done, they bake the cake. At what time will each dish be ready?

**Match each label to the corresponding clock showing the time.**

**1 : 20 pm**

**1 2 : 25 pm**

**11 : 40 am**

**Answer:**  
Feijoada: 1 : 20 pm  
Fruit salad: 11 : 40 am  
Cake : 12 : 25 pm
